*Chuck Will – "Class A" PGA Professional since 1982
Voted by Golf Digest "Best teachers in your state 2007-2008"
Voted among the "Top 50 Golf Instructors in America for 2007"
** PGA Member, PGA Apprentice, LPGA or USGTF Professional.

The Academy's "Computer Swing Analysis" provides the following for a comprehensive diagnostic session:

- Student's golf swing is filmed, then viewed & critiqued through our "Swing View Pro" computerized teaching & training software.
- The split screen permits the instructor to show comparisons of the student's swing to PGA & LPGA Tour Professionals.
- Graphics & drawing tools are utilized to illustrate swing errors. Text corrections appear during the swing.
- The "Vector Launch Monitor" measures clubhead speed, ball speed, launch angle, spin rate & distance.
- The student receives a "CD Rom" from the instructor including a home version of the "Swing View Pro" software.
